

CRONO S-PID4 50

CRONO S-PID4 50 is an ambulatory pump, designed for the subcutaneous administration of immunoglobulins, which uses specific 50 ml syringes, called réservoirs. Its small size and reduced weight make CRONO S-PID4 50 ideal for home use, thus giving the patient the freedom to engage in everyday activities during the treatment. The pump features a graphical OLED display for improved user interaction which shows practical information viewable by the healthcare personnel and the patient about the settings, operation and diagnostics of the pump.

Features

- Graphical OLED display
- Bluetooth interface
- Coreless DC motor

Technical

- Time mode (T): infusion duration
30 mins tot 10 hrs
- Flow rate mode (F): infusion rate
5 ml/h to 100 ml/h
